The general Terms and Conditions supplement any specific agreement by which a banking service/product is made available to the Client.

The GTC form the legal framework governing the relationship between the Bank and the Client, and they enter into force on the opening date of the first account of the Client with BT and are valid until the date when the business relationship ceases. The modification or

cancellation of any banking product or service used by the Client is operated under the conditions stipulated in the specific agreement for the respective product and does not affect the validity of other products and services or of these General Terms and Conditions.

2. The General Terms and Conditions represent standard clauses for general and repeated use and they do not need to be individually negotiated with the Client. In case of conflict between the clauses negotiated in any agreement signed between the Client and the Bank and the standard clauses in the General Terms and Conditions, the clauses negotiated in the specific agreements or documents shall prevail.

3. The operations made available to the Client by the Bank in its authorized units shall comply with the applicable legal provisions, the Bank's internal rules, as well as the international banking practices.

4. The General Terms and Conditions and the standardized forms are provided to the Client at the Bank's offices or via secured electronic channels or on the Internet page www.bancatransilvania.ro.

5. All the information regarding the offered products and services will be displayed at the Bank's offices, in visible places or brought to the Clients' attention by any information means according to the legal or contractual provisions in force. The presentation by the bank of its products and services is considered as a non-binding offer for the bank.

As of the signing date hereof, at any time during the business relationship, the Client has the right to receive upon request, on paper or other support, the version in force of the Bank's General Terms and Conditions, as well as the List regarding applicable interest, fees and commissions.

6. The Bank has the right to decide on the communication systems, settlement systems or third-party services used to execute the Client's orders.

7. In the execution of the Client's instructions, the Bank shall act in good faith and with due diligence, in accordance with the public order and the principles of morality. Good faith is presumed until proven otherwise.

8. In the Bank-Client relationship, the Bank is liable for purposeful actions or serious misconduct, proven under the law.

9. The Bank's liability is fully excluded for the damages caused to the Client by the Bank's failure to fulfill its obligations due to force majeure, acts of god or a third party's deed.

9.1. Force majeure is any external, unpredictable, unsurmountable and unavoidable event. Force majeure includes, without limitation: nationalization, expropriation, currency and liquidity restrictions imposed by public authorities, measures taken by any competent regulatory body including, without limitation, any agency, governmental body, the National Bank of Romania, labor conflicts among the staff of the Bank or of any other entity involved in the transactions performed by the Bank on behalf of the Client and whose services are used by the Bank, boycotts, power failures or breakdowns in the communication network or equipment of the Bank caused by external factors, international conflicts, violent or armed actions, acts of terrorism, insurrection, revolution, embargoes, as well as acts of God with material adverse effects.

A force majeure event declared by a competent authority suspends the Bank's obligations during the entire duration of the force majeure event.

9.2. An act of God is an event which could not be predicted or prevented by the person who would have been liable if the event had not occurred.

10. The Bank shall not be held liable for any loss or damage of any kind suffered directly or indirectly by the Client as a result of the Bank's failure to fulfil its obligation to provide funds,

caused by deficiencies / delays in the instructions given by Client.

The Bank shall not be responsible before the Client for any delay or deficiency of third parties (including, without limitation, intermediary banks, agents, notary publics, court executors, other institutions, public authorities, etc.) in performing their obligations towards the Bank.

11. The bank may refuse to enter into business relationships or to perform the operations requested by the Client, in case of suspicions with regard to the Client or the requested operation, under the applicable legal provisions. If the Client refuses to provide the Bank with the requested information or if it is subsequently noticed that the provided information is not true to reality, the Bank may take the necessary steps for the termination of the business relationship with the Client. In this case, the Bank shall not be liable towards the Client for any potential damage, unless it is demonstrated that the Bank acted in bad faith.

II. GENERAL PROVISIONS APPLICABLE TO ACCOUNT OPENING, ACCOUNT OPERATIONS AND TERMINATION OF THE BUSINESS RELATIONSHIP

12. The Bank is entitled, without having the obligation to do so, to open a current account on behalf of the Client, after the filling in of the account opening documentation and in accordance with the internal norms issued by the Bank in this respect.

In case the client cashes an amount in a currency for which the client does not hold an account opened, the Bank is authorized to open automatically an account in the respective currency, the account opening being charged according to the List regarding applicable interest, fees and commissions. The persons appointed as mandated/authorized persons on the current account, based on the account opening documentation signed by the client and submitted to the Bank, will have the same rights to operate on all the accounts in any currency, including those opened by the Bank.

The account opening documentation will be signed by the person who legally or

conventionally represents the Client and shall be accompanied by the documents required by the Bank according to the legislation in force and the Bank's internal regulations. The Client is liable for the accuracy of documents and deeds submitted to the bank.

13. The identification data of the persons who are entitled to represent the Client in relation to the Bank (Legal Representatives / authorized individuals / mandated persons), their specimen signatures and the limits of their mandate will be provided in the account opening documentation or in the identification forms / forms for the modification of identification data, which are signed by the Client and submitted to the Bank.

14. Any changes with respect to (i) the individuals who have the right to represent the Client in relation to the Bank (/ (ii) the headquarters / (iii) legal form / (iv) other issues - shall be enforceable against the Bank only after the Bank has received a written notice to that effect accompanied, where appropriate, by the identification documents/ forms for the modification of identification data, by the appropriate legal documents and the proof of compliance with publicity and enforceability formalities, as required by law. Between the date of registration of the abovementioned changes with the Trade Register or other public registers, as applicable, and the date of the notice sent to the Bank to that effect, the Client expressly declares that a conventional and unlimited mandate of representation in relation to the bank is granted to the persons who lost their legal right of representation of the Client before the Bank. Thus, the client expressly declares that any deed concluded by the abovementioned representatives with the bank is binding upon the client according to the conventional mandate granted by the client. The conventional mandate shall cease upon the notification of the bank according to the provisions above.

15. It shall be considered that the Bank has become aware of any change regarding the client, regardless if such change must be recorded or not with the Trade Register / other public registers, only at the time when the client files a written notice to the bank in this respect, accompanied by the documentation attesting such change. The client undertakes to submit to the bank any documents likely to affect its position in relation to the bank and/or the account opening

documentation within 7 days from the date of their enforcement or, as the case may be, from the date of their record with the Trade Register / other public registers.

16. Any written notice conveyed to the Bank shall be considered received by the latter if the document has been recorded at the Bank's registry or sent to the bank with acknowledgement of receipt signed by the Bank. Any type of communication received outside working hours with clients shall be considered as received starting with the following business day.

17. The written notification sent by the Client to the Bank shall be considered acknowledged and applicable starting from the next day following the registration with the Bank's Registry, unless otherwise agreed with the client.

18. In case the Bank becomes in any way aware of the existence of disputes related to the appointment or revocation of certain Legal Representatives / individuals authorized to order operations on the accounts (hereinafter referred to as authorized persons), in the absence of any publicity and enforceability procedures required by law, the Bank is entitled to suspend the execution of any instructions (including, without limitation, payment instructions from the client's account to third parties, as well as instructions pursuant to any specific agreement concluded with the Bank), until the situation is settled and documents are presented as requested by the Bank, and/or until the completion of the required publicity and enforceability procedures. The measure of suspending account operations can be also taken by the Bank if the Bank receives conflicting instructions in terms of account operations from the Client's Legal Representatives/authorized persons. The measure taken by the Bank in such cases will be notified to the Client.

The Client releases the Bank from any liability regarding possible losses which may be incurred as a result of the situation described in this paragraph.

19. The opening of an account for a legal entity under incorporation in order to deposit share capital shall be based on the share capital account opening documentation, signed by a

representative designated by the business partners and will be accompanied by the articles of incorporation and any other documents required by the Bank. Funds deposited on this account will be frozen until the following documents are submitted to the Bank: proof that the legal entity has been incorporated, rejection of registration consisting in documentary proof issued by the institution that should have licensed/registered the legal entity or until an express waiver of the entity's incorporation is issued by the partners/shareholders/founders of the entity, documented through an authentic deed signed by the founders.

The share capital account bears interest at the rate set within the Bank's List regarding interest, fees and commissions in force.

20. Upon the periodical request of the Bank, the client shall submit up-to-date documentation on the identification and representation data of the company, including the identification of the beneficial owner, as well as other information which the Bank may deem necessary.

The Bank is authorized to carry out any verification, to seek and obtain any information about the Client, and about any other persons carrying out transactions over the Accounts and/or persons that hold a special authorization to conduct certain operations, from any competent authority, public register, archive, electronic database or competent body, which may hold such information. All costs associated with the consultation of these databases, together with any charges, commissions and fees incurred, including postage, are and shall remain due by the Client, the Bank being authorized to perform automatic debits on any of the customer's accounts in order to recover such costs.

21. Conditions for the communication of instructions by the Client

21.1. The Client has the right to use the amounts on the account based on written/authorized instructions, signed in accordance with and within the limits specified in the account opening documentation and/or other similar documents mutually agreed and kept by the Bank.

21.2. If several authorized payment instructions are given by the Client, the total amount of which exceeds the Client's credit balance or the maximum amount of any overdraft facility granted to the Client, the Bank shall carry out such instructions in the order of their receipt by the Bank and within the available account balance.

21.3. The client incurs the losses related to any type of payment operation resulting from the usage of a lost or stolen payment instrument, or from the unsafe keeping of personalized security elements, as well as the losses resulted from the illegal usage of a payment instrument until the notification of the theft or loss, unentitled or unauthorized use of such payment instrument.

21.4. Based on the mutual agreement with the Bank, the client may request the interrogation of own accounts, but also the delivery of instructions for the transfer of LEI/FCY amounts from own accounts, directly at the bank's counters or via the alternative channels provided by the bank.

21.4.1. Where necessary (under the applicable legal provisions and the international banking practices or the Bank's internal standards) the original copy of the instructions sent via alternative channels shall be promptly submitted to the Bank or sent by post, with the remark 'for confirmation'. If the processing of a payment order requires that such payment order be filled in as original copy, the Client hereby authorizes the Bank to fill in an original payment order on behalf of the Client, based on the payment order model received via alternative channels. Both the original of the payment order received through alternative channels and the one filled in by the Bank shall represent one and the same document for the purpose of transaction processing by the Bank.

21.4.2. The Client hereby agrees that the Bank shall carry out the transactions under the instructions received through alternative channels, at the moment such instructions are received by the Bank, the confirmation or the original instructions, as the case may be, being

necessary only for the reporting requirements imposed by the National Bank of Romania or for internal purposes. The parties acknowledge and agree that the agreement signing date (for any operation performed by the bank based on such instructions) is the date when the instructions are received by the Bank, and not the date when the confirmation/original instructions are received from the Client.

21.4.3. If the Bank, upon receipt of the confirmation, identifies discrepancies of any nature between the instructions initially transmitted via alternative channels and the confirmation sent by the Client, the initial instructions shall prevail and the confirmation shall be modified accordingly. A copy of the modified confirmation shall be sent to the Client for notification and can be used by the Bank as proof in case of disputes.

21.4.4. If there are no discrepancies between the instructions initially sent by the Client through alternative channels and the confirmation, the Bank may, in the event of a dispute, use any of the two as evidence and proof of the transaction they relate to.

21.4.5. If neither the instructions sent through alternative channels nor the confirmation is available, for whatever reason, in respect of a transaction, the Client hereby agrees that the Bank has the right to use any means of proof deemed appropriate (including, without limitation, witnesses, statements of account, etc.) in order to prove the terms of that transaction.

21.4.6. The Bank shall not be liable for the damages that the Client may incur as a result of the Bank's correct performance of the instructions received via alternative channels.

21.4.7. The telephone conversations between the Client and the Bank (support/assistance granted to Clients or instructions, as the case may be) may be recorded with the Client's approval and the parties may use such recordings as

evidence in any legal proceedings between them.

21.4.8. The Client has the responsibility to supply to the Bank all documents requested by the bank and all necessary authorizations, in accordance with the regulations of the National Bank of Romania or of any other national or international supervision entities/special authorities, allowing the Bank to verify the purpose and nature of the transaction in accordance with the legal provisions in force. If the documentation is not provided by the client, or if the provided documentation is not compliant with the bank's requirements, the bank has the right not to execute the respective operation and shall not be held liable in such case.

22. Conditions regarding the execution of the instructions by the Bank

received on a non-banking day, the payment order is considered received on the following working day.

22.5. If, by mutual agreement with the bank, the Client agrees to execute the payment order on a certain day or at the end of a certain period, or on the day the client credits the account, the time of receipt is considered the agreed day. 22.6. The Bank may accept other methods for document submission, including alternative channels, the working manner in such cases complying with the conditions imposed by the agreements signed by the parties for this purpose.

22.7. After the deadlines mentioned under the previous provisions, the payment orders can be revoked only if the Bank and the Client agree so with the payment beneficiary, if such approval is necessary. For this service the Bank may charge a revocation fee.

22.8. The Client cannot revoke a payment order, after it has been received by the Bank, except for the case stipulated at article 24.5 and until the end of the working day that precedes the agreed day, at the latest.

22.9. The Bank is entitled to refuse to process the Client's payment order if the client's instructions are considered fraudulent or potentially fraudulent, without being held liable for any damages suffered by the Client for this reason. The notification shall be sent by the Bank against payment or shall be made available free of charge at the bank's units, as soon as possible.

22.10. The bank reserves the right not to initiate transfers for the transactions related to gambling activities, acquisition of pornographic products / services (including

If the Bank identifies and informs the Client regarding other potential risks of fund freezing involved in the clearing flow, the transaction may be executed only if the Client takes the risk.

22.12. External payments initiated by the clients and governed by Emergency Ordinance 113/2009 on payment services are performed in maximum one working day as of the receipt of the payment order by the Bank.

22.13. The date of the payment performed by the Client from the account shall be the date at which the account is debited by the Bank. The Bank will provide the amounts to the Client, with the value date at which the Bank received the funds. For the collections subject to the Gov. Emergency Ordinance 113/2009, the Bank will provide the received amounts to the Client in accordance with the beneficiary IBAN, stipulated in the incoming payment instruction.

Payment order processing or instructions transmitted electronically with BEN charges option (charges of all the involved banks in the settlement process fall under the responsibility of the beneficiary) will be performed by the conversion of the charge by the Bank into SHA charges.

22.15. If the Bank receives an amount in FCY for the Client and the beneficiary account indicated does not match the respective currency, the Bank will credit the amount in the ordered currency on the Client's account.

22.16. If the Client orders a payment in a certain currency from an account denominated in another currency, the Bank shall use the exchange rate applied by the Bank on the day and at the time of the operation.

22.17. If any account of the Client is mistakenly credited with any amount, the Client shall immediately notify the Bank and shall not be entitled to withdraw, transfer, dispose or use such amount in any other way, in whole or part.

22.17.1. In case the error is made by the Bank or the payer's payment service provider, the Bank, without any notification or prior approval of the Client, has the right to correct the error (irrespective of the source of the erroneously credited amounts) by

debiting the account with the respective amount. Such correction will be reflected in the account statement.

22.17.2. In case the error is made by the payer, the Bank shall have the right to correct the error subject to the beneficiary's prior approval, on condition that the amounts or the accounts are not frozen pursuant to the applicable legal provisions. Such correction will be reflected in the account statement.

22.18. The Bank has the right to withdraw from the Client's accounts and to pay to third parties any amounts owed to the latter, without the prior consent of the Client, if legal measures have been imposed such as precautionary/enforcement measures, including attachment of the Client's accounts, without being under obligation to analyze the source and nature of the sums of money. For the amounts remaining after the covering of the payment obligations of the Client, the Bank is mandated to recreate a deposit of the same type and for the same period as the one previously closed.

The exceptions are: ESCROW accounts, Cash collateral accounts, Performance bond related accounts, accounts created for personal guarantees, accounts for special purposes (certified cheques, payment orders with due date, letters of credit, cash collateral for other purposes, issued prior to the attachment), other deposit accounts with special purpose or which cannot be subject to debt enforcement.

If these amounts require exchanging one currency to another, such conversion shall be made at the exchange rate applied by the Bank on the day and at the time of the operation.

If due to the transaction an unauthorized overdraft is generated, the client must cover the deficit, including the related penalty interest. In all these cases, the Client will be notified by the Bank after settlement through the Account Statement.

23. Debit instruments are settled according to the flows and terms stipulated in the NBR's norms and regulations and BT's internal norms, up to the amounts available on the account, considering the date when the debit instrument was submitted by the Client at the bank's counters.

24. Account Statements

24.1. The Bank shall inform the client about the amounts on the account and the transactions performed within a certain period of time by means of an account statement. The account statement is an integral part of the agreements concluded between the Bank and the Client, and it may serve as a valid proof in any legal or other proceeding between the parties, regarding the operations included therein.

Any error in the content of the account statement will be notified to the Bank immediately, as soon as the client has acknowledged the content of the account statement.

In order for the Bank to correct an incorrectly executed or unauthorized payment transaction, the Client must make a notification without unjustifiable delay, but no later than 13 months following the debiting date.

24.5. The Client must check the account statements as soon as they are received; any error or inconsistency between real operations carried out and the bank statement will be notified to the Bank in

accordance with the time limits provided in these Terms and Conditions in order to produce legal effects, in an operative manner.

The Bank takes no responsibility for any inaccuracies or errors which have not been notified or that were notified after the expiry of the abovementioned term.

24.6. At the client's request and expense, the Bank may release copies of the account statements.

The interest rates applicable for BT deposits are paid to the Client's account, as the case may be, at the deposit expiry date, at the deposit opening date or at any date agreed between the Bank and the Client.

25.3. The interest for the funds deposited by the Client with Banca Transilvania is calculated on a 360-day basis.

25.4. In case of deposits with floating interest rate, the interest can be modified by the Bank, during the deposit tenor, based on certain parameters (Bank's costs, the evolution of interest rates on the financial market). The Client accepts that a notification regarding these modifications, displayed at any bank

unit or a letter sent to the client in this respect, shall represent a sufficient notice of such change. If there is a separate agreement in the form of a contract/agreement etc. between the Client and the Bank, the Terms and Conditions therein shall be observed.

25.5. For the liquidities available in the Client's current account, the Bank pays a monthly interest in accordance with its own policy. The interest is notified to the client as per the provisions of the previous article. Are excluded by exception from this procedure the agreements between the Client and the Bank through specific contracts/agreements.

25.6. With regards to the deposit of funds, the Bank is obliged to provide information free of charge to the Client about any operations performed in its deposit accounts and once a month will issue an account statement. The Client will be informed about the operations performed in its deposit account, free of charge, by means of a monthly account statement.

25.7. Additional information: ¹ **Your deposit guarantee scheme:** Your deposit is covered based on a statutory deposit protection scheme, officially recognized in Romania and regulated by Law 311/2015.

² **General coverage limit:** If a deposit becomes unavailable because the credit institution is not capable of fulfilling its payment obligations according to the legal and contractual terms in force, the payment of compensations due to the depositors is made based on the deposit guarantee scheme. The maximum limit per compensation is of **EUR 100,000** in RON equivalent per credit institution. This means that all deposits held with the same credit institution are aggregated in order to determine if they match the coverage limit. For example, if a depositor holds a savings account in amount of EUR 90,000 and a current account in amount of EUR 20,000, the compensation to be received is the equivalent in RON of **EUR 100,000**.

The deposits held by retail customers resulting from: a) real estate transactions related to real estate properties with residential purpose, b) allowances of retirement, unemployment, disability or decease of the depositor and c) insurance benefits or compensations for damage resulting from crime or wrongful convictions, are covered beyond the equivalent in RON of EUR 100,000, for a period of 12 months from the date when the amount was credited on the account with the bank or from the date when deposits can be legally transferred to another credit institution.

The classification of amounts in the 3 categories mentioned above is based on justifying documents submitted by the client to the bank. Additional information is available on www.fgdb.ro.

³ **Coverage limit applicable to joint accounts:** With respect to joint accounts, the coverage limit of EUR 100,000 in RON equivalent shall be applied separately, for each depositor. However, the deposits on an account whose beneficiaries are 2 or several persons in position of members of a profit making association, an association or cluster of the same kind, without legal personality, are aggregated and treated as if held by a single depositor being eligible for the limit of EUR 100,000.

⁴ **Payment of the compensations:** The deposit guarantee scheme is the Deposit Guarantee Fund, based in Bucharest, sector 3, str. Negru Voda no. 3, building A3, floor 2, postal code 030774, public relations: 021 326 6020, e-mail: comunicare@fgdb.ro, website www.fgdb.ro The scheme provides the due compensations (up to the equivalent in RON of EUR 100,000) **within 7 working days from the date when the deposits became unavailable**.
