

Free access to business lounges of the A. Iancu Cluj-Napoca International Airport and H. Coandă Bucharest International Airport

As a holder of the Star Platinum card from Banca Transilvania, we offer free access to the business lounges of A. Iancu Cluj-Napoca International Airport and H. Coanda Bucharest International Airport, for you and a companion, for up to 4 hours, provided you present your boarding pass and STAR PLATINUM card at the entrance. In order to benefit from these advantages, you must have made purchases (card payments to retailers) totaling at least 300 RON in the last 3 months before the access to the Business Lounges. If this condition is met, both the cardholder and the additional card users benefit from free access

Access to the business lounge is granted based on Star Platinum card and the boarding pass.

Access is also permitted for companions:

- For the first companion, we offer free access, if the condition is met (card payments to retailers totaling at least 300 RON in the last 3 months before the access to the Business Lounges);
- Starting from the second companion, the acces to the Business Lounges is possible by paying a fee listed in the table below;

If you exceed the 4 hour limit, you will incur an additional charge for each person for every 4 hour period, even if you leave the lounge before the end of that period, according to the fees listed below.

If this condition (card payments to retailers totaling at least 300 RON in the last 3 months before the access to the Business Lounges) is not met, you can still enjoy the access to the Business Lounge, at the following rates:

The amount will be debited later from the Star Platinum card.

The card is non-transferable; therefore, we draw your attention to the fact that access to the business lounge can only be granted to the cardholder, who is required to present both card and boarding pass. If you hold two or more cards offering this benefit, they cannot be used simultaneously to provide free access to the business lounge for a larger number of guests.

Access is free for the cardholder and one guest, and starting from the second guest, fees apply according to the information provided above, regardless of the number of eligible cards held by cardholder.

You benefit from 2 free entries per year for yourself or for yourself and a guest in the VIP and Business Lounges at airports worldwide, using the Priority Pass mobile app provided by our partner Priority Pass or the Star Platinum bank card. The app can be downloaded for free from the App Store or Google Play. You create an account on the prioritypass.com website, then enroll your data in the app. If you are accompanied by more people, you have the option to purchase access for additional guests at the price of 30 EUR per person per access. The amount will be debited later from the Star Platinum card.

The list of airports participating in this program is available on the www.prioritypass.com website, which you can access using the number on the Priority Pass card. Access to the lounges is guaranteed regardless of the airline or class of flight. If you wish to offer access to companions, this is possible.
