SOVEREIGN RATINGS	PRESENT	LAST UPDATE
Fitch	BBB- | Negative	August 2026
S&P Global	BBB- | Negative	May 2026
Moody's	Baa3 | Negative	August 2026

- Spring 2026 – growth forecast was revised due to additional external shocks, political uncertainty, currency depreciation, high inflation and renewed pressure on market confidence
- Consumption remains weak, while investment supports growth potential
- RRF: 4th tranche allocated in June 2026 (EUR 2.25 BN net payment) => 61% absorption rate (EU average 58%); 5th was submitted in August 2026 (EUR 2.84 BN payment) => once paid, the absorption rate would reach 78%
- EU Cohesion Funds: EUR 10.7 BN total amount received => 34.63% absorption rate as of July 2026
- Investment-grade ratings affirmed for Romania by Fitch and Moody's
- Key concerns: political sustainability of fiscal consolidation beyond 2026, political stability, RRF reforms (public wage reforms), drafting of a credible 2027 budget

- On 14 May 2026 Fitch Ratings affirmed Banca Transilvania's long-term issuer rating at 'BBB' and the bank's viability rating at 'bbb-'. The outlook remained negative in the context of sovereign rating.
- BT's ratings reflect its strong and well-established domestic franchise, healthy buffers supported by strong internal generation capacity, stable funding profile, and the quality of assets, underpinned by conservative underwriting.
- The BBB (Investment Grade) rating confirms a solid and well-established position in the Romanian banking system, as well as robust capital buffers supported by strong internal generation, a stable funding profile and reasonable asset quality, underpinned by conservative underwriting.

DEFINITIONS AND ABBREVIATIONS

COST OF RISK (CoR)	Impairment or reversal of impairment, including recoveries, divided by total gross loans and advances to customers and finance lease receivable, annualised if necessary. Provisions for litigation risk were not included.
NET INTEREST MARGIN (NIM)	Net interest income for the period, less POCI adjustments, divided by average interest-bearing assets (cash and balances with central banks, placements with banks and public institutions, securities, gross loans and advances to customers and finance lease receivables), excluding any accrued interest, annualised if necessary. Average interest-earning assets are determined based on the beginning and end of the year balances on a consolidated basis and based on monthly balances on an individual basis.
RETURN ON EQUITY (ROE)	Net profit for the period divided by average total equity including non-controlling interest, annualised and compounded, where applicable. Average equity is determined based on the beginning and end of the year balances on a consolidated basis and based on monthly balances on an individual basis.
LOANS TO DEPOSITS (L/D)	Gross loans, including finance lease receivables (on a consolidated basis), to deposits
COST TO INCOME RATIO (C/I RATIO)	Operating expenses (personnel expenses, depreciation and amortization, other operating expenses) divided by operating income (net interest income, net fee and commission income, net trading income, deferred contribution to the Bank Deposit Guarantee Fund and to the Resolution Fund, other operating income, net gain/(loss) from financial assets measured at fair value through OCI and net gain/(loss) from financial assets which are required to be measured at FVTPL).
NPL EBA (AQT-3.2)	Determined based on EBA methodology and FINREP information (FIN 18) at the end of the period, on an individual basis.
NPL COVERAGE RATIO	Determined based on FINREP information (FIN 18) at the end of the period, as accumulated impairment divided by total loans and advances to customers, on an individual basis.
